

Mrs. Hyatt's Classroom News: September 20, 2010 to September 24, 2010

Kindergartners: In math kindergartners learned about ordinals #'s, bar graphs, review of numbers 0-5, new numbers 6 (used the 6 days of creation) and 7. In Language Arts kindergartners learned about the letters Bb (with Bubbles), Ww, Pp, and Ee, review of letters Ss, Ii, Nn, Tt, and Hh, and how to draw a fish. Please see Word List for this

First Graders: In math First Graders learned about number words, addition and subtraction, numbers to 99, place value, adding to 10. In Language Arts First Graders learned about compound words, abc order, punctuation, the Fruit of the Spirit, and vowels.

Second Graders: In math Second Graders learned about number sentences, fact families, patterns, addition and subtraction, even and odd numbers, fractions, place value, telling time, operation symbols, number symbols, operation words, and money. In Language Arts Second Graders learned about nouns, compound nouns, adding "s" or "es" to nouns to change them from singular to plural

All grades: In Bible we studied about Abraham, Sarah, and Lot this week and how Abraham trusted God. In Science we studied about animals and their habitats.

In **Science Workshop (Enrichment Time)** we studied rainbows and prisms, why the sky is blue, tornadoes (tied in with Jesus Walks on Water).

Other Happenings: Thank you to the Davey family for the clear soda bottle donations (for our science experiment). The class is still in need of snack donations. Suggestions include: goldfish, pretzels, animal crackers, etc...

Teaching for Him,

Mrs. Hyatt
